Hello Friends!

It is hard to believe that we are nearing the end of summer! The tuck pointing continues and they are about 75% complete. We are fortunate that there have not been too many rain days for them. However, when it did rain, they made sure to make up for it on a Saturday.

If you haven't noticed the increased amount of dust in the pews and on the window ledges, then that's good. This is the result of the work happening on the Elmore side of the building. The windows will be opened on Sunday mornings, but will be closed after the service until the following week to help keep the area somewhat dust-free.

The building looks amazing. There are a few sidewalks that have been damaged, but those will be repaired by the contractors once the project is completed.

The Ohio Building Restoration crew have been wonderful to work with and I appreciate that!

Thank you to Mike Livingston as I had the opportunity to pick through some office chairs and tables that Rudolph Libbe no longer needed. The table in the lobby has been replaced!

Have a great rest of your summer. As always, reach out with any needs/questions/suggestions you may have.

Peace,

Beth Rokicki
